Bilateral Meetings

- Wednesday, 11:00 - 18:30

Description

The mission of Women's Economy Europe is to provide solutions to remove both internal and external gender-based barriers to women's economic empowerment, by supporting women's personal and professional growth through specialized gender and culturally sensitive resources, training, mentoring and advice, to be provided to private companies, public sector organizations, educational institutions, chambers of commerce, financial institutions and third sector organizations.

Women's Economy Europe draws on over 30 years of experience of supporting women and girls , from the most isolated and socially excluded communities to well integrated, highly resourced groups. Women's Economy Europe's award-winning programmes have supported women across the UK and in Bulgaria, Italy, Spain and Poland.
