## Réunions bilatérales

- Jeudi 11:00 -14:30

### Description

Created since June 23, 1885, by decree of General Resident Paul Cambon under the denomination of Chamber of Commerce of Tunis with seat for the Consular Palace located at Avenue Habib Thameur. The CCIT has always provided ongoing support to companies. In accordance with Law No. 2006-75 of 30 November 2006 on the Chambers of Commerce and Industry, the CCIT's mission is to:   
• Promote economic activity in his or her constituency.   
• Provide public authorities with information, opinions and proposals on issues related to industry, trade, crafts, small trades and services.   
• Participate in initiatives of representative organizations with the same objectives.   
• Conclude commercial cooperation agreements with Chambers of Commerce and Industry in the world.   
• Provide advice on trade agreements and participate in their monitoring and implementation.

**Electricité, Electronique**

**Offres et Demandes**

**women economic empowerment**

I am Yosra Hassyaoui , translator and project coordinator at the Chamber of Commerce in Tunisia, I provide translation at meetings and seminars as well I coordinate with the General Direction to negotiate and establish economic projects with potential international partners namely the chambers of commerce , CPCCAF and local organizations. I am also the vice president of Positiver association which works on promoting women entrepreneurship in Tunisia , so we provide technical assistance, trainings and accompaniment .

I participated at women economic empowerment as an alumni at the US within the organization Hands along the Nile and I was selected to work with the national Business women's Council in facilitating projects creation and giving consulting.

I am also the adjunct treasurer at the association “ why not “ a national organization working to defend the rights of persons with disabilities as I am an active member at a British coaches network implemented in Tunisia namely “ INPT” in which we provide technical trainings.

I look forward at this event to meet international organizations working in the field of women empowerment to discuss the case at the Mediterranean sphere and to find good partnership for my association Positiver.
